# Belavio

Belavio is recommended for persons looking for distinguished furniture emphasizing an unusual style of their interior. Its comfortable and soft quilted seats, special wrinkled effects, external cross-stitchings and high metal legs contribute to the very unique style. This model seems to be extraordinarily lightweight which makes the entire room seem to be more spacious. It is perfect for those who look for courageous designer solutions and hate boredom at home.

## What makes the Belavio sofa stand out?

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

You can choose the fabric from dedicated series, including easy-to-clean fabrics.

The upholstered back allows you to put it in the middle of the living room.

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!
