

# befame

# Lua

Lua is a simple, classic form that blends perfectly into modern, often minimalist interiors. Just a little imagination is enough to create furniture that also matches the character of other interior styles. Simply choose an extraordinary fabric to create from a variety of custom modules to suit your individual needs to achieve a completely different effect. It's a matter of design, and a matter of ergonomics and comfort – we've made sure that the Lua model is the epitome of these. The wide and soft backrest and seat cushions let you sink into relaxation while reading your favourite book or watching a movie. All you have to do is choose – a small sofa or maybe an elaborate corner sofa?

# Modular units

Available in a left-hand or right-hand configuration. The sets below are left-hand facing.

Side M

Side L

When choosing a sofa or corner, you can choose the side widths S, M, L.

## Leg colors available

---

## What makes the Lua sofa stand out?

---

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

Bonnell Spring

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

You can choose the fabric from dedicated series, including easy-to-clean fabrics.

The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

The upholstered back allows you to put it in the middle of the living room.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!
