Moon

Moon is a product designed to satisfy those who prefer simple and classic forms. However, do not let the first impression mislead you – it is not an ordinary piece of furniture, many of which are available around. We have spent many hours to refine details, especially to adjust proportions and provide you with the best ergonomics of use. That is why it comes with wide and soft seat and backrest cushions or broad sides designed to give you a proper support. Remember that you can dress this piece of furniture, like all other models in our range, with a unique fabric which, combined with the simple body design, will make an interesting colour accent in every room.

What makes the Moon sofa stand out?

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

The ergonomic and comfortable design of the backrest and seat perfectly fits the curve of the human body.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!
