## Star

The Star model comes with a very unique line emphasized with external cross-stitchings and discrete quilting on the seat. As is the case of all models we offer, we have taken care of both the design and the highest comfort of this model as well. The combination of wave springs and bonell springs with highly elastic foam plus soft cushions and adjustable sides makes it extremely comfortable. Then there is the sleeping function which will certainly be useful when your guests have lingered over on this extraordinary corner sofa - they will be able to spend the night in your living room in a luxury style.
