What makes the Tivoli sofa stand out?

They make the seat more flexible and provide excellent underlying support for a highly flexible foam layer.

The highly-flexible foam improves the durability and elasticity of the seat, preventing deformations.

The series comes with several colours of legs. Choose your own colour. Do you want to buy the same legs for a chest of drawers? Of course, you can!

Adjustable headrests

LUX COMFORT - this type of filling is made of silicone down that retain the characteristics and softness of feathers but eliminate its defects, i.e. unesthetic “flattening” and allergenic properties. This filling ensures the highest comfort of use.

You can choose the fabric from dedicated series, including easy-to-clean fabrics.

The upholstered back allows you to put it in the middle of the living room.
